Funded children

If your child is in receipt of government funding this covers you for your funding entitlement only. Any additional hours and food will be invoiced.

You have the option to provide food for the day if you prefer. We encourage parents who prefer to provide their own food to ensure this is healthy and sufficient for your child's session. We ask that you do not provide sweets, nuts, or any products which contain nuts.

Food Order forms are available on request.

Funded children who do additional hours regularly

For example, if your child is Full time and is also in receipt of government funding, we will agree which days are to be used as funded and invoice for the extra days. On funded days, food will be invoiced, or you can choose to provide food for those days.
